BARREL LENGTH			
barrel length in cm:	4)	EUR 0	

1) If we do not yet have a reamer for the requested caliber, we will order one and charge approximately one third of the cost.

2) Blackening of stainless steel is not as deep black and durable as with conventional carbon steel.

3) Other twist rates than those listed above are also possible.

4) Measured from the bolt face to the muzzle. For Blaser barrels, we measure the total overall barrel length in accordance with Blaser specifications.

5) This is a license fee which we forward to Blaser.

6) Prices without additional proofing. Subsequent proofing: EUR 100.

7) R8 barrels: Bolt head required due to licensing regulations. The barrel must be proofed together with the bolt head.

8) Can be carried out by the customer. Instructions are available in our store and on our website.

9) Ammunition will be charged separately.
